KATA ROCKS – LUXURY OASIS IN PHUKET

On the Thai island of Phuket, among the array of luxury hotels and resorts (and we've had the chance to stay in many of them), I am sure that one magical oasis on the rocks stands out – Kata Rocks, from where you can enjoy the vast view on the Andaman sea and Kata beach.

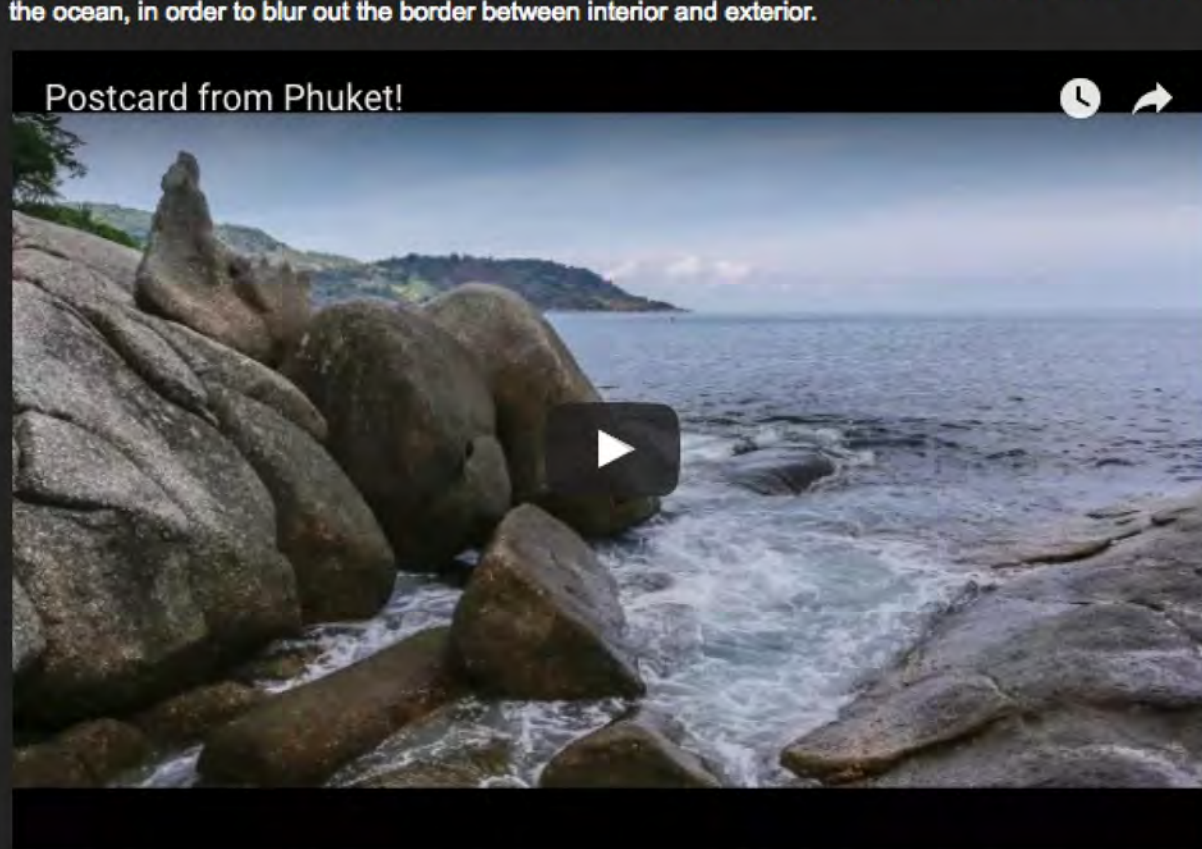

Luxury which moves borders in every sense of the word, services which will spoil you, top notch design which provides you with comfort, privacy and indescribable views... in Kata Rocks, you simply feel like you have the whole world at your feet.

When you sense the atmosphere on each step you make (even though you don't really need to make any steps because there are golf carts with courteous drivers who will take you anywhere you want), you should try to maximally seize each moment, in order to satisfy all your senses. You should enjoy in the Oceanfront Restaurant, Wine Cellar, Lounge and Bar, 35 m. Infinity Pool, Award winning Infinite Luxury Spa, State of the art gym and Fitness Suite, Function room, Destination Dining, Thai Cooking Classes, Boating and Yachting Experiences.

Kata Rocks is exquisite because of its extraordinary design which resembles modern yachts in a cascade fall towards the sea, "breathing" with tropical vegetation which surrounds them. Each "yacht" is made of concrete and stainless steel with large glass surfaces and private pools.

The first thought you'll experience upon entering one of these luxurious villas will be "I don't want to leave this place". That first feeling is so consuming that you'll feel like you really don't ever want to leave, even though you just got there. Don't give up on that feeling, because Kata Rocks offers you an option of owning one of their villas. If you choose to purchase one, the management of Kata Rocks will take care of it when you're not around. While staying in your villa, you'll get the chance to savor the luxury of one of the best hotels in the world, while when you're away, you can even earn money of it, by renting it. Aside from the incredible 6% return of your investment on a yearly basis, which is guaranteed by Kata Rocks, you also become a member of a prestigious club of lovers of luxury named Infinite Luxury Club. Owners enjoy incredible benefits, privileges, discounts and complimentary invitations to numerous events such as the Kata Rocks Superyacht Rendezvous, where they are welcomed on board to experience superyachts and dine at the highly exclusive invitation-only owner's dinner.

There are four kinds of Sky Villas in this resort – ranging from one bedroom, to penthouse with four bedrooms, while each of the residences has an amazing view of the Andaman sea and its own private pool. Kata Rocks has all together 34 villas, each designed with outstanding terraces oriented towards the ocean, in order to blur out the border between interior and exterior.

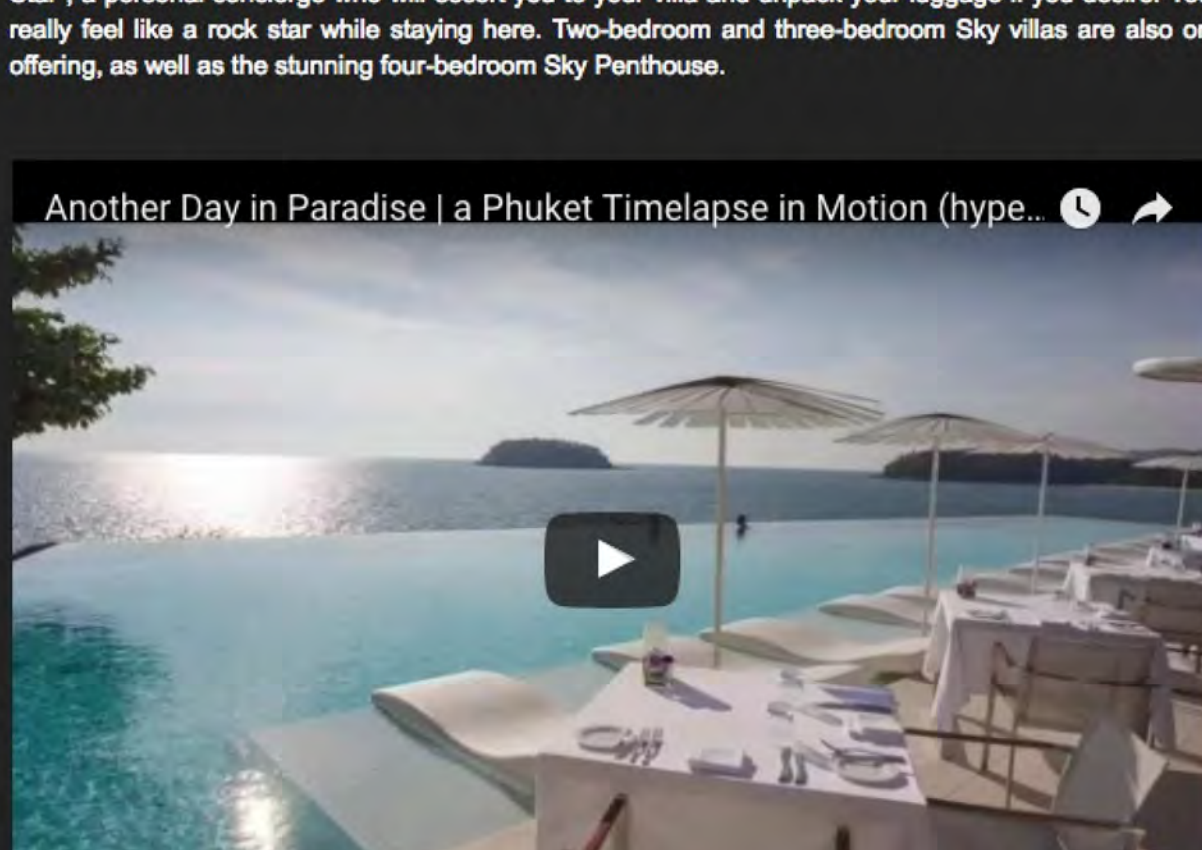

Comfort isn't a question here, considering the fact that the smallest villa has a surface area of 134 m², while the four-bedroom penthouse measures 460 m², with 14 metre wide living room and 14 metre long pool, while other villas have seven meters long pools.

As you'll see in these villas, the attention to details in their interiors is based on the recognizable "Made in Italy" manner. Even though they have ultra-modern interiors with pure and sleek lines, their decoration concept is warm, comfortable and friendly, thanks to the natural tones of beige and white and wooden elements, which give the space a feeling of airiness, freshness and harmony with nature. The interior fluidity is unfettered and made possible thanks to the frontal parts of each villa, which is made of glass from top to bottom. Because of that, each guest has the chance to enjoy the vast panoramic view and be under the impression that sea and sky kiss right there.

Those most discerning tourists will be more than satisfied here. Whether you're on your honeymoon or you arrive on Thailand with your kids, you can choose the accommodation which fits right in with your vision of ideal. You have at your disposal:

This restaurant offers you fresh Mediterranean specialties with Spanish accents, fresh sea dishes and traditional Thai gastronomy with a modern twist. This incredible resort offers you a service called Dining on the rocks, created to cater you with a romantic culinary experience on the rocks by the beach, as well as the option of "In villa dining" service, which puts at your disposal a team of skilled chefs which prepare and serve amazing food inside your private villa, this is a special level of top notch services.

The images of this tropical Eden are often in my mind, and I'll share some of them with you. I hope that you'll have the chance to enjoy all the beauties of this magical place on your own...
