Kata Rocks' Collective Series 12 'Venetian Masquerade Party' delivered on its promise of another classy event with over 80 guests enjoying an evening of exceptional food, live DJ entertainment and acrobatic performances.

Infinite Luxury Marketing Director Michael Nurbatlian says this was one of the best Collective Series events to date as the event's exotic theme, attire and party ambiance came perfectly together for a magical evening filled with elegance, 'aphrodisiac gastronomy' and mystique.

"Guests were invited to let their imagination run wild and dress for the masquerade theme or 'mysterious' party fashion," Michael, said.

"Offering a prize for the most creative masquerade attire really brought out the best in everyone. There were so many fantastic costumes that it was tough to select just one winner."

After much deliberation a 'gentleman of mystery' won best costume honours for the evening and was awarded a one-night stay in an exclusive Kata Rocks Ocean Loft Sky Pool Villa (valued at 50,000 baht).

The winner, a Casanova like character (who requested to remain anonymous), was decked out in full Venetian attire and accessories including an authentic period mask and classic 'Pantalone' shoes.

Kata Rocks' Collective Series 12 proved once again why it is Phuket's most innovative/fun/intimate penthouse party, having created its own fresh identity that celebrates outstanding food and handcrafted cocktails.

As per the unofficial Collective Series tradition, everyone ended up in the pool!
