Kata Rocks' Collective Series 12 'venetian Masquerade Party'

PHUKET, 7 May, 2018 - Kata Rocks' Collective Series 12 (CS12) 'Venetian Masquerade Party'delivered on its promise for a fun filled event with over 80 guests enjoying an evening of exceptional food, live DJ entertainment and acrobatic performances.

According to Infinite Luxury Marketing Director Michael Nurbatlian, this was one of the best Collective Series events to date as the event's exotic theme, attire and party ambiance came perfectly together for a magical evening filled with elegance, 'aphrodisiac gastronomy' and mystique.

"For CS12 Guests were invited to let their imagination run wild and dress in unique sensual colours, exotic themes or mysterious party fashion," Michael, said. "Offering a prize for the most creative masquerade attire really brought out the best in everyone. There were so many fantastic costumes that it was tough to select just one winner."

After much deliberation a gentleman of mystery won best costume honours for the evening, and with it a fantastic one-night stay in an exclusive Kata Rocks Ocean Loft Sky Pool Villa (valued at THB 50,000).

The winner, a Casanova like character (who requested to remain anonymous) was decked out in full Venetian attire and accessories inclusive of an authentic period mask and classic 'Pantalone' shoes as if he walked out of scene from commedia dell'arte.

Kata Rocks' CS12 proved once again why it is Phuket's most innovative/fun/intimate penthouse party, having created its own fresh identity that celebrates outstanding food and handcrafted cocktails. CS12 also produced two of the event's most memorable craft cocktails, 'Eyes Wide Shut' and 'Phantom of the Opera', that added to the mystique of the elegant, yet sophistically playful Venetian-inspired masked party.

As per unofficial Collective Series tradition, everyone was soaked in champagne before ending up in the pool decked out in all their finery.
